EXPERIENCE

Designer influence

2023-current

Over time, designers develop a refined sense of aesthetics based on their exposure to different design styles, trends, and cultural influences. This aesthetic sensibility guides their choices in color, typography, layout, and other design elements.

Akm Partners

Kuala Lumpur-Malaysia

2021-2022

Experienced administrators have encountered a variety of situations, allowing them to make informed and strategic decisions. They develop a knack for assessing risks, weighing options, and choosing the most effective course of action.
